Project- Swell Magazine

I created a womens lifestyle magazine based around surfing. It includes all my own original photography. The final outcome was a 65 page magazine that features articles on surfing, fashion travel , music and photography.

Clare Mayna

Project-Flatland

Flatland; A Romance of Many Dimensions is an 1884 Satirical novella by the English schoolmaster Edwin Abbott. The brief required a 'collectable' publication. I focused on Flatland references to Edwardian culture and the its customs regarding class. I created 3 double sided posters and a slip case to hold them. The posters can be uses as a learning aid in the classroom and to make the customs and literature of Edwardian culture easier to understand.

ONE SMALL STEP

Sustainable living festival

Sustainability project

One small step is a sustainable living festival that I propose to take place in Ormeau park. It will showcase a huge range of exhibitors, talks, workshops and classes celebrating and inspiring sustainable communities. The emphasis will be on fun ways to incorporate sustainability into your lives.

I developed a range of marketing and advertising material including logo, branding, posters and also a website and internet pop up where the online communities can find out about the event. I also created a range of sustainable merchandise, signage for the event and a detailed map and itinerary for the proposed event.
